REVIEW AND APPROVAL

The WEDC has the sole authority to determine eligibility of proposed work and confirmation of completed work. The WEDC's Review Committee will meet monthly to review applications, unless no applications have been submitted. The Applicant need not be present for the Committee meeting. Grant applications will not be reviewed by the Committee until all the requested information is submitted.

The Committee has the right to deny the application if, in its sole opinion, it does not meet the goals or requirements of the program. Certain work may be required or precluded as a condition of funding. If the Committee determines that the project meets the criteria of the program and should move forward, a recommendation is made to the WEDC Board of Directors, which meets on a semi-monthly basis. Generally, an award decision will occur within 45 days of submittal of the complete application.

Applicants will be notified in writing as to whether his/her application has been rejected or approved. Upon approval, the Applicant must enter into a legally binding performance agreement with the WEDC which references and incorporates the Guidelines and General Conditions of this Storefront and Streetscape Improvement Program and the terms and conditions of his/her participation in the program. The specific requirements of this Program include, but are not limited to, the following:

1. Project scope, property location and specific improvements to be undertaken;
2. Amount of the grant;
3. Work commitment period, so that if funds are not used within that period, program funds can be reallocated for other eligible projects;

4. Maintenance requirements and operating standards, which will vary based on nature of establishment;
5. Acknowledgment of the reimbursement claim procedures and supporting documentation needed for reimbursement;

Upon the date of WEDC board approval, the Applicant has 30 days to enter into the above noted agreement with WEDC and 90 days from date of contract execution to begin construction. If the work does not begin within the 90 day period, the Applicant will be notified in writing that the grant will lapse and the grant agreement will be terminated. Once construction has started, the Applicant has one year to complete the improvements. If the improvements are not complete at the end of the one year period, the Applicant will be notified in writing that the grant will lapse and the grant agreement will be terminated. If an approved project is nearing the one year lapse point, an opportunity will be provided for the Applicant to request an extension. One extension may be granted at the discretion of the WEDC Board depending on the project's circumstances and the future needs of the program. If an approved grant does lapse and is terminated, the Applicant may re-apply if funds are available. There is no guarantee that a resubmission will be approved, and the project will be re-evaluated based upon the established criteria detailed above.

After approval, any changes to the project, no matter how minimal, must be approved by the WEDC and a Final Inspection Report must be obtained through the City Secretary/Permit Clerk. Grant recipients will work closely with the WEDC's Director to communicate the project progress and resolve any issues or questions. Funding will be provided on a reimbursable basis after satisfactory project completion and submission of project receipts to WEDC. Further, reimbursement payment will not be issued until the Applicant has paid for the improvement work in full. Reimbursement claims must be accompanied by the following supporting documents: proof of payments (e.g., cancelled checks, paid invoices/receipts of eligible expenses), statements from architects, contractors and/or subcontractors acknowledging that all payments have been received.

All work for approved projects must be complete within one year of the date construction begins unless an extension is granted by the WEDC.

The WEDC has the right to terminate any agreement under the Storefront and Streetscape Improvement Program if a participant is found to be in violation of any conditions set forth in these guidelines or if the project has been started prior to an executed agreement with the WEDC.
